

Year 1 and 2 Class Newsletter 14th February 2025

Well done Year 1 and 2, a fantastic end to the half term. We have continued to work hard: completing, assessing and evaluating all of our topics.

The children have completed work on their information texts and have completed factual accounts of the Great Fire of London. The children have really enjoyed learning all about the Great Fire of London and telling others about the facts they have learnt. We look forward to moving on to Geography next term.

In science, the children have completed more investigations about everyday materials and their properties. This week the children investigated how waterproof different materials were, building a shelter for a lego figure. Some of our figures got very wet!

On Wednesday morning the children attended a special assembly, led by Bright bites. The children learnt all about how to care for their teeth and received some important information and a free toothbrush!

This afternoon will be the children's last yoga session with Jenny, we have really enjoyed these sessions. The children have practised different poses and positions, including breathing strategies to help the children settle at night.

Class Information

Spellings The children have been given their spellings for next term; these are also on the website. Please continue to support your child to find the spelling patterns and learn their spellings carefully.

PE Days next half term PE will be Thursdays and Fridays.

Reading, please continue to read regularly at home with the children, especially over the half term break.

Thank you so much for your continued help and support throughout this term.

I hope that you all have a wonderful half term and we look forward to seeing the children back happy and ready for the next half term.
