

What I will learn:

- To look at juggling balls and appraise how they should look, who would use them, etc
- Design own juggling ball colour and patterns.
- Create own designs onto fabric.
- Cut, pin and stitch fabric to create a juggling ball.
- Test materials for filling a juggling ball using a sock ball.
- Use chosen material to fill juggling ball and finish sewing.
- Evaluate finished product and include what worked well and improvements that could be made.

DT - Summer 2 Textiles - Sewing

Vocabulary:

Design criteria - the list of things that the design should have to be successful

Design - To decide colour and pattern that juggling ball will be decorated with.

Sew - To stitch fabric together using a needle and thread.

Test - To try different things to find the most suitable for the need.

Evaluate - to look at a finished product and assess it against the design criteria
