

## What I will learn:

- \*To know what it is like in the Antarctic.
- \*To know why people wanted to explore the Antarctic.
- \*To know how people prepared for expeditions.
- \*To know what happened on Shackleton's expedition.
- \*To know why it is important to learn about these events.

## Class 1

### History Knowledge Organiser

### Spring Term

What can we learn about Explorers and Expeditions to the Antarctic?

## Vocabulary:

Exploration - Travelling through and finding out about different places.

Expedition - A journey taken for a reason.

Equipment - Something that people need to use for a particular job or activity.

Achievement - Something that is completed with success using hard work or skill.
